### STATEMENT OF MATERIAL FACTS CONCERNING SPECIAL BUSINESS PURSUANT TO SECTION 134(3) OF THE COMPANIES ACT, 2017

The statement set out the material facts concerning the special business to be transacted at the annual general meeting of the Company to be held on 28th October 2017.

### Issuance of Shares Otherwise Than Right U/S 83 (1) of the Companies Act 2017

The Board of Directors of M/s. Baluchistan Glass Limited (the "Company") in their meeting held on 6th of October 2017 has decided to raise further issue of share capital amounting to Rs. 900 million divided into 90 million ordinary shares of Rs. 10/- each to Mr. Muhammad Tousif Paracha, Director & CEO ("MTP") of the Company against his outstanding loans towards the Company without right offering as proposed in the special resolution subject to approval of shareholders and permission from the Securities and Exchange Commission of Pakistan in terms of Section 83 (1) (b) of the Companies Act, 2017 (the "Act") and subject to the completion of all legal formalities and compliances.

The proposed shares shall be issued at par value against conversion of loans provided by MTP to the Company and payable to him. In this regard, the Company provides the following further material information:

### (a) Justification for Issue of Shares Otherwise than Right Shares:

Due to continued losses suffered by the Company, the equity of the Company has been completely eroded and its equity net of losses amounts to negative 3,727.457 million (excluding loan from sponsors) as of 30 June 2017 on the basis of audited accounts. As the share the Company is trading at Pakistan Stock Exchange Limited close to its par value of Rs. 10/-, therefore, it is unlikely that shareholders will subscribe any right offering particularly in view of the fact that the Company has not been able to declare any distribution for the shareholders during past several years. The issue of shares at par value to MTP is justified due to the negative break-up value (i.e. approximately negative Rs. 20 after revaluation surplus) of the share of the Company. In the current circumstances where the Company needs funding for its BMR, capital expenditures and working capital needs, it will be in the interest of the Company as well as its shareholders to enhance the capital base and give comfort to the creditors and facilitate future business prospects without having any negative impact on the cash flows.

#### **(b)** Name of the persons to whom the proposed shares will be issued:

Mr. Muhammad Tousif Paracha Rs. 900 million.

#### Price at which shares will be issued and its justification: (c)

The shares will be issued at par value of Rs. 10/- per share. This price is close to the market price of the share (around Rs. 12 as at the date of issuance of these Financial Statements) which is above the break-up value per share (negative Rs. 20 per share).

#### (d) Latest Market Price of Share

Rs. 12 (around) as of 6th of October 2017 as per closing rate at Pakistan Stock Exchange Limited.

#### (e) **Break-up value per Share:**

Break-up value per shares on the basis of latest audited accounts of the Company for the year ended 30th June, 2017 is negative Rs. 20 (approximately after revaluation surplus).

### (f) Consideration for issue of Shares:

The consideration for the proposed issuance of shares will be conversion of MTP's loans extended by him to the Company as detailed above.

### (g) Purpose, Utilization and benefits:

**Purpose:** To reduce the liabilities and improvement of capital base of

the Company and breakup value of the Company.

**Utilization:** The issuance of the Shares will be against the outstanding

loans of MTP.

**Benefits:** This will enhance the borrowing capacity of the company

thereby improving liquidity position and improvement in the business and returns for the Company and value for its

shareholders.

### (h) Existing shareholding of the persons to whom shares are proposed to be issued:

Mr. Muhammad Tousif Paracha holding 85,935,924 shares i.e., 50.08 % of the existing paid up share capital.

### (i) Total shareholding of the persons after the proposed issuance of Shares:

Mr. Muhammad Tousif Paracha holding 175,935,924 shares i.e. 67.25% of revised issued share capital.

### (j) Consent of persons to whom the proposed shares are to be issued:

MTP has consented in writing to the acquisition of proposed shares if approved by the shareholders and the Securities and Exchange Commission of Pakistan.

### (k) Ranking of shares:

The proposed shares when issued will rank pari passu with the existing ordinary shares of the Company.

### (l) Approval:

The proposed issuance of shares shall be subject to approval of the Securities and Exchange Commission of Pakistan.

### (m) Shares issued in past two years:

Nil.

- 11. The Board of Directors of the Company has recommended that the special resolutions as set out in the notice be passed at the Annual General Meeting of the Company.
- 12. MTP is interested in the proposed issuance of shares of the Company in consideration of his outstanding loans. Other directors have no interest in the issue of shares, whether directly or indirectly.

The Directors of your company pleased to present the Annual Report along with the Audited Financial Statements of your company for the year ended June 30, 2017.

### **COMPANY PERFORMANCE**

Analysis of key operating results for the current period in comparison with the previous period is given below:

(Rupees in thousands)

The Company has closed its Unit II in the month of November 2016 because of various operational difficulties including constraints of restricted profit margin and increasing trend of energy cost. In addition to that, closure of Unit I was also the main reason of the above results. The management is intending to revise its operational structure to reduce the operational losses incurred due to low efficiency with the existing machineries.

The Company has managed its functional responsibilities and streamlined the operational activities at Unit I (Hub) which was closed down in June 2016. Meanwhile the Company has managed the production facilities which were transferred from Unit I (Hub) to Unit III (Kot Abdul Malik) in the month of October 2016; this plant is steadily achieving its targets.

Supply of regasified liquefied natural gas (RLNG) has increased the energy cost which also remained a big challenge for the Company to continue its productions during the year. Keeping in view this fact, the Company decided to close Unit II & Unit I to re-design/modernize the whole operational activities in order to achieve the maximum production efficiency to compete with all challenges so far has been faced in previous years.

### **FUTURE OUTLOOK**

As refer to above, the management has started progressive activities to re-operate its two major Plants Unit -I & II with maximum capacity to produce Pharma glass products and Tableware Products with advanced technology removing the production related weaknesses.

The management has started the process of procurement of capital equipment's and established Letter of Credit (LC) in favor of two leading Chinese manufacturers regarding import of IS-Machines for Pharma products and Tableware Machineries with advanced technology. Hopefully the commissioning of these Plants would be initiated in the last quarter of coming financial year.

Since the company had worked to establish its Pharma and Tableware manufacturing facilities in order to meet the growing demand of local and export market more efficiently with the use of new imported machineries, therefore, we are highly confident that these decisions shall support the company to compete in the long-run.

In addition to the above, the Board of Directors has also decided to raise equity against the sponsors' loan utilized/to be utilized for the purpose of necessary BMR and to meet operational requirements, by way of further issue of capital amounting to rupees 900 million, without right offer subject to approval of shareholders and the Securities and Exchange Commission of Pakistan. Furthermore, pursuant to the new arrangements between the Company and the sponsoring directors, the balances of their loans outstanding as at the reporting date have become interest free and payable at the discretion of the Company.

Based on analysis of theses, key management decisions as mentioned in 'future outlook' and below mentioned factors, management is comfortable that the Company will be able to continue as a going concern in the foreseeable future.

### **COMMENTS ON AUDITORS OBSERVATIONS /QUALIFICATION**

### **Going Concern Assumption**

Auditors' has raised their observation about going concern of company. In assessing the going concern status of the Company, management has carefully assessed a number of factors covering the operational performance of the business, the ability to implement a significant debt restructuring of the Company's existing debts and the appetite of directors & associates to continue financial support. Based on the analysis of these, and key management efforts and decisions as mentioned above, management is comfortable that the Company will be able to continue as a going concern in the foreseeable future.

Based on analysis of theses, key management decisions as mentioned in 'future outlook' and below mentioned factors, management is comfortable that the Company will be able to continue as a going concern in the foreseeable future.

- Fresh funds injection by sponsors for capital expenditures.
- Arrangements with the sponsoring directors regarding waiver of markup on their loans for future period.
- Modernization and up gradation of the Plant & Machineries for two Units.
- Continuous efforts by the management to increase the market share.
- Continued financial support of its sponsors and associates.
- Improvement in current ratio as compare to previous year.
- Operational units of the company are meeting their maximum operational liabilities.
- Settlement of all major loan facilities with financial institutions.
- Restructuring with other major lenders of the company.
- Potential market of the Company's all products.
- Future prospects of industry, better selling prices and company presence in local and export market.

We feel that by considering all the above factors, performance of glass industry, present and future demand of glass products in local & export market and continued support and commitment of directors & associates, management of the company is fully justified to prepare the financial statements by using going concern assumption.

### **Corporate and Financial Reporting Framework**

In compliance with the Code of Corporate Governance, we give below statements on Corporate and Financial Reporting Framework:

- i. The financial statements, prepared by the management of the Company, present fairly its state of affairs, the results of its operations, cash flows and changes in equity.

- xv. The Statement of compliance with the best practices of Code of Corporate Governance is annexed with this report.

### **Annual Evaluation of Board of Directors**

The Board performs three major roles in a company - it provides direction (i.e. sets the strategic direction of the company), it controls (i.e. monitors the management) and provides support and advice (advisory role). The Board has set an in house Board performance evaluation mechanism which typically examines these roles of the Board and the entailing responsibilities, and assesses how effectively these are fulfilled by the Board. The evaluation of the performance of the Boards is essentially an assessment of how the Board has performed on all of the following parameters:

- a Board Structure: its composition, constitution and diversity and that of its Committees, competencies of the members, Board and Committee charters, frequency of meetings, procedures;
- b Dynamics and Functioning of the Board: annual Board calendar, information availability, interactions and communication with CEO and senior executives, Board agenda, cohesiveness and the quality of participation in Board meetings;
- c Business Strategy Governance: Board's role in company strategy;
- d Financial Reporting Process, Internal Audit and Internal Controls: The integrity and the robustness of the financial and other controls regarding abusive related party transactions, vigil mechanism and risk management;
- e Monitoring Role: Monitoring of policies, strategy implementation and systems; and f Supporting and Advisory Role.

کمپنی نے اپنایونٹ نمبر ۱۱ نومبر 2016 میں مختلف آپریشنل مشکلات (انرجی اور گیس کی قیمتوں میں اضافے اور پرافٹ مارجن میں کمی ) کی وجہ سے بند کردیا ہے۔ جبکہ یونٹ اکے بند ہونے کی وجہ بھی بیہی تھی۔اب کمپنی کی انتظامیہ آپریشنل ڈھانچہ کی تنظیم نوکررہی ہے تا کہ موجودہ مشینری کی وجہ سے جوآ پریشنل نقصانات ہورہے ہیں اُن کو کم کیا جا سکے۔

سمینی نے اپنی فنکشنل ذمہ داریوں کومنظم کیا ہے اور یونٹ نمبر ا (حب) جو کہ بچھلے مالی سال کی آخری سہ ماہی میں بند کر دیا گیا تھا کی آپریشنل سرگرمیوں کوسنجال کیا ہے۔ اِسی دوران وہ پیداواری سہولیات جن کو کمپنی نے بچھلے سال اکتوبر 2016 میں حب یونٹ اسے کوٹ عبدالمالک یونٹII پنتقل کیا تھا۔اُن کومنظم طریقے سے چلایا گیا ہے اور یہ یونٹ مسلسل اینے مقاصد *ا*ٹارگٹس کوحاصل کررہا ہے۔ آرامل این جی کی وجہ سے انر جی/ توانائی کی قیمت میں اضافہ ہوا ہے۔ جو کہ اِس مالی سال کے دوران کمپنی کے لیے اپنی پیداوار کو جاری رکھنے

کے لیے ایک بڑا چیلنج ہے جس کو مدِ نظر رکھتے ہوئے کمپنی نے یونٹ ۱۱ کو بند کرنے کا فیصلہ کیا تا کہ آپریشنل سرگرمیوں کو بنے سرے سے منظم کر کے زیادہ سے زیادہ پیداوار حاصل کی جاسکے اوراُن چیلنجز کا مقابلہ کیا جائے جن کا پچھلے سالوں کے دوران کمپنی کوسا منا کر ناپڑا۔

# مستقبل کے تناظر میں:

جیسا کہ اوپر بیان کیا گیاہے کہ انتظامیہ نے ترقیاتی سرگرمیاں شروع کیں تا کہ کمپنی کے دوبڑے پلانٹس یونٹ 1 اور 11 کو (پیداوار سے متعلقہ کمزور یوں کو دور کرتے ہوئے) پوری پیداواری صلاحیت اور جدیدترین ٹیکنالوجی کے ساتھ فار ما گلاس اور ٹیبل وئیر گلاس کی پیداوار شروع کی جائے۔

انتظامیہ نے موجودہ مالی سال کے دوران اعلیٰ درجے کی ٹیکنالوجی کے ساتھ ٹیبل وئیراور فار ماکیلیئے مشینوں کی درآ مد کے حوالے سے دومعروف چینی مینوفیکچرز سے مشینوں کی خریداری کے لیے ایل سی کھول دیں۔امیدہ کہ آنے والے مالی سال 18-2017 کی آخری سہ ماہی میں اِن پانٹس کا آغاز ہوجائے گا۔

چونکہ کمپنی اپنے فار مااورٹیبل وئیر پیداواری سہولیات کو بہتر بنانے کے لیے کا م کررہی ہے۔ اِس لیےاندرونی اور بیرونی خریداروں کی ضروریات کوجدید درآمدی مشینری کے ذریعے پورا کیا جاسکے لہذا ہم یقین رکھتے ہیں کہ یہ فیصلہ کمپنی کوطویل مدت تک مقابلہ کرنے میں مدد گار ثابت ہوگا۔

نیز، بورڈ آف ڈائیریکڑز نے اسپانسرز کے قرضوں کو equity میں تبدیل کرنے کا فیصلہ کیا ہے، جس کی مالیت 900 ملین روپے تک ہوسکتی ہے اور جو BMR اور خاص آپریشنل ضروریات کیلیئے استعال ہوئے یا کیا جاسکتا ہے، جو کہ شیئر ہولڈر اور S.E.C.P کی منظوری سے مشروط ہوگی۔ اسکے علاوہ اسپانسرز کے بقیہ قرضوں پر رپورٹنگ تاریخ کے بعد مارک اپ بھی چارج نہیں ہوگا جس کی ادائیگی کا فیصلہ کمپنی کے اختیار میں ہوگا۔

مستقبل کے تناظر میں بیان کیے گئے مندرجہ بالاعوامل اورانظامیہ کے فیصلوں (کے تجزیئے کے مطابق) کی روشنی میں انتظامیہ آسانی سے مستقبل میں پیش آنے والے تشویش ناک عوامل پر قابو پالے گی۔

# Review Report to the Members on the Statement of Compliance with the Best Practices of Code of Corporate Governance

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of Balochistan Glass Limited ('the Company') for the year ended June 30, 2017 to comply with the relevant requirements of Listing Regulations of the Pakistan Stock Exchange, where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for the review and approvals its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justifications for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2017.

Further, we highlight the matter in relation to the requirement of the Code that the Board has filled up the casual vacancy of the director in 147 days rather than requirement of filling the casual vacancy in 90 days of occurrence of casual vacancy on the Board.

## **Auditors' Report to the Members**

We have audited the annexed balance sheet of Balochistan Glass Limited as at June 30, 2017 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) in our opinion:
  - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
  - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
  - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion, and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2017 and of the loss, total comprehensive loss, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Without qualifying our report, we draw attention of the members towards note 2 of the financial statements, which indicates that the Company incurred net loss amounting to Rs. 491.751 million during the year ended June 30, 2017 and as of that date its accumulated loss of Rs. 4,928.657 million have resulted in net capital deficiency of Rs. 3,727.457 million and its current liabilities exceeded its current assets by Rs. 784.412 million. These conditions, along with other matters as set forth in note 2 indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern.

### **Notes to the Financial Statements**

For The Year Ended June 30, 2017

### 1 STATUS AND NATURE OF BUSINESS

The Company was incorporated in Pakistan as a public company in 1980 under the Companies Act, 1913 (now the Companies Act, 2017). Its shares are listed on the Pakistan Stock Exchange. The Company is engaged in manufacturing and sale of glass containers, glass table wares and plastic shells. Manufacturing facilities of the Companies are situated at Hub, Balochistan, Kot Abdul Malik, Lahore and Sheikhupura. The registered office of the Company is situated at Hub, Balochistan whereas head office of the Company is situated at Kot Abdul Malik, Lahore.

### 2 GOING CONCERN ASSUMPTION

The financial statements for the year ended June 30,2017 are showing loss after taxation amounting to Rs. 491.751 million (2016: loss Rs. 524.329 million) and has accumulated loss of Rs. 4,928.657 million (2016: Rs. 4,445.553 million) at the yearend which resulted in negative equity of Rs. 3,727.457 million (2016: Rs. 3,244.353 million). In addition, the Company's current liabilities exceeded its current assets by Rs. 784.412 million (2016: Rs. 1,143.328 million).

As the above conditions are continually prevailing from last few years, thus raising significant doubts on the Company's ability to continue as a going concern as the Company may be unable to realize its assets and discharge its liabilities in normal course of business.

Sales revenue of the Company has decreased significantly as compared to corresponding period, because of the market competition and quality related issues of its certain products. In order to run the Company on sustainable basis and make the Company competitive in terms of product quality and production volume, management has taken the fundamental strategic decision to close its Unit II since November 2016 for the purpose of modernization of its production facilities that has resulted in curtailment/shortfall in production activity during the year. Unit I was closed in June 2016 with a strategy to relocate its certain production facilities to Unit III for better management of production, reduction in fixed cost, maximumutilization of its available resources and improve the efficiency along with the modernization of its production facilities. Unit-III was closed during the first quarter of financial year 2015-16, due to refurbishing/rehabilitation of its furnaces and relocation of certain production facilities from Unit I to Unit III. Unit III has started its production of tableware products since October 2016 in respect of which the Company is fetching satisfactory results regarding product market and margin thereon. The Company has also entered into agreement for the acquisition of modernized machinery for its Balancing, Modernization and Replacement (BMR) for which letter of credits has been established as at the reporting date. Production from new machinery will start from the last quarter of the financial year 2017-18 that will fetch better results in terms of quality and price hence profitability of the Company.

Due to the management strategic decision of modernization of its production facilities, Unit I & II were closed for significant period of time, resultantly Company were to lay off the substantial number of employees. Management is confident that once the BMR is completed, adequate human resources with requisite skills shall be recruited in due course of time for which sufficient resources are available in the market.

The Company has also entered into an agreement with two of its lending financial institution for the restructuring of its overdue credit facilities. The Company is committed to honoring its existing restructuring agreements and complying with repayment terms of such agreements with the continuous support from its directors and associates. Management is confident that it will be able to handle the liquidity related issues in future with the adamant financial support from its directors and associates.

During the year, Company has made the arrangements with two of its major sponsoring directors pursuant to which loans and mark up payable thereon till the reporting date amounting to Rs. 2,563 million has become payable at the option of the Company and the directors have agreed to not to charge the mark up on their loans for the future periods. Furthermore, additional loan of Rs. 580.184 million has been arranged by the Company for meeting the financing requirements of the Company for its BMR expenditure and operational requirements. The Board of Directors have decided to raise equity against the loan amounts (note no. 8) by way of further issue of capital without right offer subject to approval of shareholders and the Securities and Exchange Commission of Pakistan.

Based on continuing support from directors and associates along with future prospects of industry and other steps taken by the management, Board of Directors' feels that Company will have adequate resources to operate its business on a sustainable basis for foreseeable future, therefore, these financial statements have been prepared on going concern basis.

#### Standards, amendments and interpretations to existing standards that are not yet effective and 3.1.2 have not been early adopted by the Company

There are certain standards, amendments to the approved accounting standards and interpretations that are mandatory for the companies having accounting periods beginning on or after July 01, 2016 but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements.

#### 3.1.3 Promulgation of New Companies Act, 2017.

The Companies Act, 2017 which is not effective on these financial statements, has added some additional disclosure requirements which will be applicable from next financial year.

#### 3.2 **Basis of preparation**

These financial statements have been prepared under the historical cost convention except otherwise stated in the respective notes and policies. The Company's significant accounting policies are stated in note 3.3.

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The areas involving a higher degree of judgments, complexity or areas where assumptions and estimates are significant to the financial statements are as follows:

#### 3.2.1 **Income taxes**

The Company takes into account the current income tax law and the decisions taken by appellate authorities. Instances where the Company's view differs from the view taken by the income tax department at the assessment and appellate stages and where the Company considers that its views on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

For The Year Ended June 30, 2017

### 3.2.2 Property, plant and equipment

The Company reviews the appropriateness of rate of depreciation, useful lives and residual value of property, plant and equipment on regular basis. The estimates of revalued amount of land and buildings are based on valuation carried out by a professional valuer. Further where applicable, an estimate of recoverable amount of an asset is made for possible impairment on annual basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

#### 3.2.3 Provision for doubtful receivables

The Company reviews its doubtful trade debts and other receivables at each reporting date to assess whether provision should be recorded in the profit and loss account. In particular, judgment by management is required in the estimation of the amount and timing of future cash flows when determining the level of provision required. Such estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the provisions.

### 3.2.5 Inventories

The Company reviews the net realizable value of inventories, including stock-in-trade, stores, spare parts and loose tools, to assess any diminution in their respective carrying values. Any change in the estimates in future years might affect the carrying amounts of inventories with a corresponding effect on related cost and impairment.

### 3.2.6 Contingencies

The Company discloses its contingent liabilities for the pending litigations and claims against the Company based on its judgment and the advice of the legal advisor for the estimated financial outcome. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognised at the balance sheet date

### 3.3 SIGNIFICANT ACCOUNTING POLICIES

### 3.3.1 Staff retirement benefits

The Company operated unfunded gratuity scheme covering all employees eligible to the benefit. Provisions were based on actuarial recommendations. Actuarial valuations was carried out using the projected unit credit method as required by International Accounting Standard 19 "Employee Benefits". However Company has decided to change it staff retirement benefits from Defined Benefit Plan (Gratuity) to Defined Contribution Plan (i.e Provident Fund) as mentioned in Note 12.3 of these financial statements. The Company shall operate a recognised provident fund scheme for all permanent employees. Equal monthly contribution shall be made both by the Company and employees to the fund at the rate of 10% of the basic salary.

### 3.3.2 Taxation

### Current

Provision for current taxation is based on current rates of tax after taking into account tax credits and rebates available, if any.

### Deferred

Deferred tax is recognized on all timing differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amount used for taxation purposes.

### Sales tax

Expenses and assets are recognised net of the amount of sales tax, except:

- when receivables and payables are stated with the amount including sales tax;
- when the sales tax incurred on the purchase of assets or services is not recoverable from the taxation authority, in that case sales tax is recognised as part of the cost of acquisition of asset or as part of the expense item, as applicable.

#### 3.3.3 Property, plant and equipment and depreciation

Operating fixed assets are stated at cost less accumulated depreciation and impairment loss, if any except for freehold land & building which is stated at revalued amount less accumulated depreciation. All expenditures connected with specific assets incurred during installation and construction period are carried under capital work in progress at cost less any recongnised impairment loss. Borrowing costs pertaining to erection / construction of qualifying assets are capitalized as part of the historical cost as stated in note 3.3.10 These are transferred to specific assets as and when these assets are available for use.

Increase in the carrying amount arising on revaluation of property, plant and equipment is credited to surplus on revaluation of property, plant and equipment. Decrease in the previous increase of the same assets is charged against this surplus, all other decreases are charged to income. Each year the difference between depreciation based on revalued carrying amount of the asset (the depreciation charged to the income) and depreciation based on the assets' original cost is transferred from surplus on revaluation of property, plant and equipment to unappropriated profit/accumulated loss.

Depreciation charge is based on the reducing balance method at the rates specified in note 18 to the financial statements.

Depreciation on additions is charged from the month in which the asset is available for use and on disposals no depreciation is charged in the month of disposal.

Maintenance and normal repairs are charged to income as and when incurred; major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

Gains and losses on disposal of assets are taken to profit and loss account.

Assets subject to finance lease are initially recorded at lower of the present value of minimum lease payments under the lease agreements and the fair value of leased assets. The related obligation under the lease less financial charges allocated to future period are shown as a liability. These financial charges are allocated to accounting periods in a manner so as to provide a constant periodic rate of charge on the outstanding liability.

Depreciation is charged to income by applying reducing balance method to write-off the depreciable amounts of the assets over their estimated useful life in view of certainty of ownership of the assets at the end of lease period.

#### 3.3.4 Stores and spares

These are valued at lower of average cost and net realizable value except for those in transit, which are valued at cost. Provision is made for slow moving and obsolete stores and spares.

#### 3.3.5 Stock in trade

These are stated at the lower of cost and net realizable value. The cost is determined as follows:

Raw and packing materials

Work in process Average material cost only. Conversion costs are

not included as these are not significant.

Finished goods Average cost which includes prime cost and

appropriate portion of production overheads.

Items in transit Cost comprising invoice values plus other charges

incurred thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost necessarily to be incurred to make the sale.

#### 3.3.6 Trade debts and other receivables

Trade debts are carried at original invoice amount, which approximates fair value and subsequently measured at amortized cost, less an estimate made for doubtful receivable balances based on review of outstanding amounts at the year end. A provision for doubtful debt is created when there is an objective evidence that the Company will not be able to collect all the amounts due according to the original terms of receivable. The provision is recognised in the profit and loss account. When trade debt is un collectable, it is written off against provision. Subsequent recoveries of amounts previously written off are credited to profit and loss account.

For The Year Ended June 30, 2017

### 3.3.7 Foreign currency translation

Transactions in foreign currencies are recorded using the rates of exchanges ruling at the date of transaction.

Assets and liabilities in foreign currencies are translated into Rupees at exchanges rates approximating those prevailing at the balance sheet date except where forward exchange contracts have been entered into, in which case the rates contracted for are used.

All other exchanges differences are taken into profit and loss account.

### 3.3.8 Transaction with related parties

Transactions with related parties are based on the policy that all the transactions between the Company and related parties are carried out at arm's length. Prices for these transactions are determined on the basis of comparable uncontrolled price method, which sets the price by reference to comparable goods sold in an economically comparable market to a buyer unrelated to the seller.

### 3.3.9 Revenue recognition

Revenue is recognised to the extent it is probable that the economic benefit will flow to the Company and the revenue can be measured reliably. Revenue is measured at fair value of consideration received or receivable on the following basis:

Sales are recorded on dispatch of goods to customers. Profits / mark-up on deposits and investments are accounted for when it becomes receivable.

### 3.3.10 Borrowings and borrowing costs

Borrowings are recognised initially at fair value and are subsequently carried at amortized cost. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying asset is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss as incurred.

### 3.3.11 Provisions

A provision is recognized in the balance sheet when the Company has a legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

### 3.3.12 Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognised at the time when the Company substantially transfers all the risks and rewards of ownership of the financial asset. Financial liabilities are derecognised at the time when the obligation specified in the contract is discharged, cancelled or expired.

### 3.3.13 Trade and other payables

Short term liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company

### 3.3.14 Impairment

The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is an indication of impairment loss. Any impairment loss arising is recognized as expense in the profit and loss account.

### 3.3.15 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand and cash at bank which are subject to an insignificant risk of change in value.

For The Year Ended June 30, 2017

### 3.3.16 Loans, advances and deposits

These are initially recognised at cost, which is the fair value of consideration given. Subsequent to the initial recognition assessment is made at each balance sheet date to determine whether there is an indication that a financial asset or group of assets may be impaired. If such indication exists, the estimated recoverable amount of that asset or group of assets is determined and any impairmentloss is recognised for the difference between the recoverable amount and the carrying value.

#### 3.3.17 Investment in equity instruments of associated company

Investments in an associated company is accounted for by using equity basis of accounting, under which the investments in associated company is initially recognised at cost and the carrying amounts are increased or decreased to recognise the company's share of profit or loss of the associated company after the date of acquisition. The company's share of profit or loss of the associated company is recognised in the Company's profit or loss. Distributions received from the associated company reduce the carrying amount of investment. Adjustments to the carrying amount are also made for changes in the Company's proportionate interest in the associated company arising from changes in the associated company's equity that have not been recognized in the associated company's profit or loss. The Company's share of those changes is recognized directly in equity of the company.

### 3.3.18 Off setting of financial assets and liabilities

A financial asset and a financial liability are offset and the net amount is reported in the financial statements if the Company has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

### 3.3.19 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the board of directors of the Company that makes strategic decisions.

### 3.3.20 Functional and presentational currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistani Rupees, which is the Company's functional and presentational currency.

### 3.3.21 Earnings per share

Basic Earnings Per Share (EPS) is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by weighted average number of ordinary shares outstanding during the year.

Diluted EPS is calculated by adjusting basic EPS with weighted average number of ordinary shares that would be issued on conversion of all dilutive potential ordinary shares into and post tax effect of changes in profit or loss attributable to ordinary shareholders of the Company that would result from conversion of all dilutive potential ordinary shares.

- 7.1 The above loans are interest free, unsecured and were repayable in respective currencies. These loans shall be treated as subordinated to the principal amounts of the debts owing to the banks and financial institutions and accordingly may only be repaid by the Company in whole or in part provided that upon such repayment, the Company shall comply with the debt to equity ratio requirements of the Prudential Regulations of State Bank of Pakistan as applicable to the Company for the time being.
- 7.2 Keeping in view the heavy losses incurred by the Company in recent years, foreign currency loans have been frozen by the mutual consent of the directors / sponsors of the Company at exchange rates prevailing at June 30, 2007. The loans will be payable in foreign currencies equivalent to the rupee amounts reflected as on June 30, 2007, thereby eliminating the effect of foreign currency translation loss to the Company.
- 7.3 In the absence of identifiable repayment period due to peculiarity of Company's circumstances and unconditional right held by the Company to delay the payment till the availability of ample resources for its repayment, these loans are not measured at amortized cost using effective interest rate method as per requirement of IAS 39 rather these loans are classified in accordance with the guidance provided by the Institute of Chartered Accountants of Pakistan through Technical Release (TR-32 "Accounting Directors' Loan") and are measured at their fair values as initially recognized.

#### 35 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The Company is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The board of directors has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

#### 35.1 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. The Company's credit risk is primary attributable to its receivables and balances with banks.

The carrying amounts of financial assets represent the maximumcredit exposure. The maximumexposure to credit risk at the reporting date is:

| Trade debts                    | 127,292 | 69,858  |
|--------------------------------|---------|---------|
| Loans and advances             | 1,652   | 2,364   |
| Deposits and other receivables | 25,563  | 15,711  |
| Bank balances                  | 191,508 | 19,535  |
|                                | 346,015 | 107,468 |

For trade debts, internal risk assessment process determines the credit quality of the customers, taking into account their financial positions, past experiences and other factors. Individual risk limits are set based on internal or external credit worthiness ratings in accordance with limits set by the management.

Based on the past experience, management believes that no impairment allowance is necessary in respect of trade debts past due as management believes that the same will be recovered in short course of time. The credit quality of the Company's receivable can be assessed with their past performance. At June 30, 2017, the Company has 3 customers that owed more than Rs. 10 million each (2016:4 customers that owed more than Rs. 7 million each) and accounted for approximately 44% (2016: 84%) of all trade debts.

The credit quality of some of the Company's banks can be assessed by their external credit ratings:

All the financial liabilities of the Company are non derivative financial liabilities. The contractual cash flows relating to the above financial liabilities have been determined on the basis of markup rates effective as at June 30. The rates of mark-up have been disclosed in note 10, 11 and 15 to these financial statements.

### Liquidity risk management

The Company's approach of managing the liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity for meeting its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company monitors cash flow requirements and produces cash flow projections for the short and long term. Typically, the Company ensures that it has sufficient cash on demand to meet expected operational cash flows, including servicing of financial obligations. The Company manages the liquidity risk through finance from the sponsor directors of the Company.

Company has approached its lenders for the restructuring of its lease liabilities which is under active consideration by them. Short term borrowings from some of the financial institutions have been renewed/ restructured.

#### 35.3 Market Risk

Market risk is a risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of financial instruments. The Company is exposed to currency risk and interest rate risk only.

#### 35.3.1 Currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions in foreign currencies. The financial instruments of the Company exposed to currency risk were as

### Sensitivity analysis

At reporting date, if PKR had strengthened by 10% against the US Dollar with all other variables held constant loss / profit for the year would have been lower / higher by the amounts shown below, mainly as a result of foreign exchange gain on translation of foreign currency liabilities.

The 10% weakening of the PKR against US Dollar would have had an equal but opposite impact on the loss / profit for the year on the basis that all other variables remain constant.

### 35.3.2

Interest rate risk is the risk that the value of financial instrument willfluctuate due to changes in market interest rates. The Company's exposure to the risk of changes in interest rates relates primarily to the following:

Fixed rate instruments at carrying amounts:

| Long Term financing  | 19,051  | 1,267,377 |
|----------------------|---------|-----------|
| Short Term Financing | 112,194 | 112,194   |

| Long term financing                            | 207,873               | 241,474 |
| Lease liabilities                              | 55,703                | 55,703  |
| Short term borrowings                          | 252,945               | 293,274 |
|  | 516,521               | 590,451 |

### Fair value sensitivity analysis for fixed rate instruments:

The Company does not account for any fixed rate financial assets at fair value through profit or loss, therefore a change in interest rates at the reporting date would not affect profit or loss.

### Cash flow sensitivity analysis for variable rate instruments:

A change of 100 basis points in interest rates at the reporting date would have increased / decreased loss/profit for the year by the amounts shown below:

Effect on loss due to change of 100 BPs

Increase / (decrease) 5,165 21,080

The effective interest / mark up rates for the monetary financial assets and liabilities are mentioned in respective notes to the financial statements.

### 35.4 Fair value of financial instruments

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arms length transaction. The carrying values of financial instruments reflected in these financial statements approximate their fair values.

### 35.5 Capital risk management

The Company's prime objective when managing capital is to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits to other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The debt to adjusted capital ratios at June 30, 2017 and June 30, 2016 were as follows:

| Total debt (including directors' interest free loan) | 4,728,896   | 3,740,714   |
|--|-------------|-------------|
| Less: Cash and bank balances                         | (192,593)   | (19,806)    |
